

Whitetail Deer Habitat - How to Enhance What You Already Have

This workshop will highlight some of the various ways timber sales, timber stand improvement (TSI), fertilization, invasive species control and other practices can help you make the most of the whitetail habitat you already have. The cost-sharing available through the Natural Resource Conservation Service (NRCS) to help with the cost of implementing some of these practices will be outlined.

Registration for this event is strongly urged and can be done online through the Mountain State QDMA website at <http://mountainstateqdma.com/>

There will be a walking tour through the woods on the Metz property to see, “first hand” some of these practices being utilized; appropriate clothing and footwear is recommended.

When: Saturday June 11, 2011 from 11 AM to ~ 4 PM; *Lunch will be provided*

Where: Mark Metz Property, Jackson County, WV *directions & map will be made available to those who register*

Cost: \$0.00

Workshop is made available through the collaboration of the Mountain State QDMA, Woodland Owners Association of WV and the Forest Stewardship Program.
